Our commitment

As a Leadership we recognise the need to provide a safe and caring environment for children, young people and vulnerable adults. We acknowledge that children, young people and vulnerable adults can be the victims of physical, sexual and emotional abuse, and neglect. We accept the UN Universal Declaration of Human Rights and the International Covenant of Human Rights, which states that everyone is entitled to “all the rights and freedoms set forth therein, without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth or other status”. We also concur with the Convention on the Rights of the Child which states that children should be able to develop their full potential, free from hunger and want, neglect and abuse. They have a right to be protected from “all forms of physical or mental violence, injury or abuse, neglect or negligent treatment or exploitation, including sexual abuse, while in the care of parent(s), legal guardian(s), or any other person who has care of the child.” As a Leadership we have therefore adopted the procedures set out in this safeguarding policy in accordance with statutory guidance. We are committed to build constructive links with statutory and voluntary agencies involved in safeguarding.

The Leadership undertakes to:

- Endorse and follow all national and local safeguarding legislation and procedures, in addition to the international conventions outlined above.
- Provide on-going safeguarding training for all its workers and will regularly review the operational guidelines attached.
- Ensure that the premises meet the requirements of the Disability Discrimination Act 1995 and all other relevant legislation, and that it is welcoming and inclusive.
- Support the Safeguarding Coordinators in their work and in any action they may need to take in order to protect children and vulnerable adults.

SECTION 2

Recognising and responding appropriately to an allegation or suspicion of abuse

Understanding abuse and neglect

Defining child abuse or abuse against an adult at risk is a difficult and complex issue. A person may abuse by inflicting harm, or failing to prevent harm. Children and adults in need of protection may be abused within a family, an institution or a community setting. Very often the abuser is known or in a trusted relationship with the child or adult at risk.

Detailed definitions, and signs and symptoms of abuse, as well as how to respond to a disclosure of abuse, are included here in our policy.

Definitions of abuse – Appendix 1 & 2

Signs and symptoms of abuse – Appendix 3

How to respond to a child wishing to disclose abuse – Appendix 4

Safeguarding awareness

The Leadership is committed to on-going safeguarding training and development opportunities for all workers, developing a culture of awareness of safeguarding issues to help protect everyone. All our workers will receive induction training and undertake recognised safeguarding training on a regular basis.

The Leadership will also ensure that children and adults at risk are provided with information on where to get help and advice in relation to abuse, discrimination, bullying or any other matter where they have a concern.

RESPONDING TO ALLEGATIONS OF ABUSE

Under no circumstances should a worker carry out their own investigation into an allegation or suspicion of abuse. Make a note of evidence of possible abuse, stating only the facts. Speculations and opinions should not be included. Follow the procedures below:

- The person in receipt of allegations or suspicions of abuse should report concerns as soon as possible to **Jon Clark** (hereafter the "Safeguarding Co-ordinator") tel no: 01202 746938 who is nominated by the Leadership to act on their behalf in dealing with the allegation or suspicion of neglect or abuse, including referring the matter on to the statutory authorities.
- In the absence of the Safeguarding Co-ordinator or, if the suspicions in any way involve the Safeguarding Co-ordinator, then the report should be made to **Julie Barnett** (Alder Road Site Deputy) or **Sandy Carter** (Ashley Road Site Deputy) (hereafter the "Deputy ") tel no: 01202 746938. If the suspicions implicate both the Safeguarding Co-ordinator and the Deputies, then the report should be made in the first instance to Children's Social Care or if advice is needed from the Churches' Child Protection Advisory Service (CCPAS) or if regarding adults at risk contact Social Services or the police.
- Where the concern is about a child the Safeguarding Co-ordinator should contact Children's Social Services. Where the concern is regarding an adult in need of protection, contact Adult Social Services.
- The Churches' Child Protection Advisory Service (CCPAS) can be contacted on 0845 120 4550 where advice is needed. The local children's social care are also happy to give advice including on an anonymous basis.
- If you have a concern about the safety and wellbeing of a child or young person, contact the BCP Council **Multi Agency Safeguarding Hub** (MASH) Telephone – 01202 735046. (For Bournemouth and Poole Children's Out of Hours Service, telephone 01202 738256)
- If the concern is regarding an adult, call: Borough of Poole Adult Social Care help desk on 01202 633902 or Bournemouth Care Direct on 01202 454979. If it is outside of normal office hours, please call the Adult Social Care Emergency Duty Service on 01202 657279.
- If you feel that a child or young person is not at risk of harm, but needs support, please contact the EHAP(Early Help advice Point): 01202 262626 or ehap@poole.gov.uk
- Where required the Safeguarding Co-ordinator should then immediately inform the insurance company.

- Suspicions must not be discussed with anyone other than those nominated above. A written record of the concerns should be made in accordance with these procedures and kept in a secure place.
- Whilst allegations or suspicions of abuse will normally be reported to the Safeguarding Co-ordinator, the absence of the Safeguarding Co-ordinator or Deputy should not delay referral to Social Services, the Police or taking advice from CCPAS.
- The Leadership will support the Safeguarding Co-ordinator/Deputy in their role, and accept that any information they may have in their possession will be shared in a strictly limited way on a need to know basis.
- It is, of course, the right of any individual as a citizen to make a direct referral to the safeguarding agencies or seek advice from CCPAS, although the Leadership hope that members of the place of worship will use this procedure. If, however, the individual with the concern feels that the Safeguarding Co-ordinator/Deputy has not responded appropriately, or where they have a disagreement with the Safeguarding Co-ordinators as to the appropriateness of a referral they are free to contact an outside agency direct. We hope by making this statement that the Leadership demonstrate its commitment to effective safeguarding and the protection of all those who are vulnerable.

The role of the safeguarding co-ordinator/ deputy is to collate and clarify the precise details of the allegation or suspicion and pass this information on to statutory agencies who have a legal duty to investigate.

Detailed procedures where there is a concern about a *child*:

ALLEGATIONS OF PHYSICAL INJURY, NEGLECT OR EMOTIONAL ABUSE

If a child has a physical injury, a symptom of neglect or where there are concerns about emotional abuse, the Safeguarding Co-ordinator/Deputy will:

- Contact Children's Social Services (or CCPAS) for advice in cases of deliberate injury, if concerned about a child's safety or if a child is afraid to return home.
- Not tell the parents or carers unless advised to do so, having contacted Children's Social Services.
- Seek medical help if needed urgently, informing the doctor of any suspicions.
- For lesser concerns, (e.g. poor parenting), encourage parent/carer to seek help, but not if this places the child at risk of significant harm. Discuss with Children's Social Care if in doubt about this as they will give advice about responding at the correct level.
- Where the parent/carer is unwilling to seek help, offer to accompany them. In cases of real concern, if they still fail to act, contact Children's Social Services direct for advice.
- Seek and follow advice given by CCPAS (who will confirm their advice in writing) if unsure whether or not to refer a case to Children's Social Services.

ALLEGATIONS OF SEXUAL ABUSE

In the event of allegations or suspicions of sexual abuse, the Safeguarding Co-ordinator/Deputy will:

- Contact the Children's Social Services Department Duty Social Worker for children and families or Police Child Abuse investigation Team direct. 01202 228866) They will NOT speak to the parent/carer or anyone else.
- Seek and follow the advice given by CCPAS if, for any reason they are unsure whether or not to contact Children's Social Services/Police. CCPAS will confirm its advice in writing for future reference.

The following procedure will be followed where there is a concern that an adult is in need of protection:

**SUSPICIONS OR ALLEGATIONS OF PHYSICAL INJURY, NEGLECT,
EMOTIONAL ABUSE OR SEXUAL ABUSE**

If an adult at risk has a physical injury or symptom of neglect or abuse the Safeguarding Co-ordinator/Deputy will:

- Discuss any concerns with the individual themselves giving due regard to their autonomy, privacy and rights to lead an independent life unless this discussion will increase the risk to the adult (eg they live with the alleged abuser).
- If the vulnerable adult is in immediate danger or has sustained a serious injury contact the Emergency Services, informing them of any suspicions.
- For advice contact the Adult Social Care Team who have responsibility to the Care Act 2014 to lead enquiries into allegations of abuse or neglect. Alternatively the Police can be contacted for advice.

**ALLEGATIONS OF ABUSE AGAINST A PERSON WHO WORKS WITH
CHILDREN OR ADULTS AT RISK**

If an accusation is made against a worker (whether a volunteer or paid member of staff) whilst following the procedure outlined above, the Safeguarding Co-ordinator, in accordance with Local Safeguarding Children Board (LSCB) and SAB procedures will need to liaise with Children's Social Services/ Adult Social Care in regards to the suspension of the worker, also making a referral to a Safeguarding Adviser (SA) / Local Authority Designated Officer (LADO).

SECTION 3

Prevention

Safe recruitment

The Leadership will ensure all workers will be appointed, trained, supported and supervised in accordance with government guidance on safe recruitment. This includes ensuring that:

- There is a written job description for the post
- Those applying have completed an application form and a self declaration form
- Those short listed have had a face to face discussion where safeguarding has been covered
- Written references have been obtained, and followed up where appropriate
- A DBS has been completed (we will comply with Code of Practice requirements concerning the fair treatment of applicants and the handling of information)
- Qualifications where relevant have been verified
- A suitable training programme is provided
- The worker has been given a copy of the organisation's safeguarding policy and knows how to report concerns.

Management of Workers – Codes of Conduct

As a Leadership we are committed to supporting all workers and ensuring they receive support and supervision. All workers have been issued with a code of conduct towards children, young people and vulnerable adults (See appendix 5). The Leadership undertakes to follow the principles found within the 'Abuse Of Trust' guidance issued by the Home Office and it is therefore unacceptable for those in a position of trust to engage in any behaviour which might allow a sexual relationship to develop for as long as the relationship of trust continues.

SECTION 4

Pastoral Care

Supporting those affected by abuse

The Leadership is committed to offering pastoral care, working with statutory agencies as appropriate, and support to all those who have been affected by abuse who have contact with or are part of the church.

Working with offenders

When someone attending the church is known to have abused children, or is known to be a risk to vulnerable adults the Leadership will supervise the individual concerned and offer pastoral care, but in its safeguarding commitment to the protection of children and vulnerable adults, set boundaries for that person which they will be expected to keep.

SECTION 5

Practice Guidelines

As a place of worship working with children, young people and vulnerable adults we wish to operate and promote good working practice. This will enable workers to run activities safely, develop good relationships and minimise the risk of false accusation.

As well as a general code of conduct for workers we also have specific good practice guidelines for various activities we are involved in and these continue to be developed.

Ratios

<i>Age</i>	<i>Ratio</i>
0-2 yrs	1 adult to 3 children
2-3yrs	1 adult to 4 children
3-12yrs	1 adult to 8 children
13-18yrs	1 adult to 12 children

(Note: it is expected that there will be a minimum of two adults with children at any time)

Working in Partnership

The diversity of organisations and settings means there can be great variation in practice when it comes to safeguarding children, young people and adults at risk. This can be because of cultural tradition, belief and religious practice or understanding, for example, of what constitutes abuse. We therefore have clear guidelines in regards to our expectations of those with whom we work in partnership, whether in the UK or not. We will discuss with all partners our safeguarding expectations and have a partnership agreement for safeguarding. It is also our expectation that any organisation using our premises, as part of the letting agreement will have their own policy that meets CCPAS' and LSCB and SAB safeguarding standards.

Good communication is essential in promoting safeguarding, both to those we wish to protect, to everyone involved in working with children and adults at risk and to all those with whom we work in partnership. This safeguarding policy is just one means of promoting safeguarding and will be reviewed annually

APPENDIX 1

Statutory Definitions of Abuse (Children)

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting; by those known to them or, more rarely, by a stranger. They may be abused by an adult or adults or another child or children.

What is abuse and neglect?

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting, by those known to them or, more rarely, by a stranger for example, via the internet. They may be abused by an adult or adults, or another child or children.

Physical abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Neglect

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or
- ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.
